Approaching by tender we are immediately struck by VICTORY's good looks and proportions. She is one of the prettiest yachts built in recent years. Conceived with both charter and private use in mind VICTORY combines beauty and function. At 499GT her operations are simplified yet once on board the sense of space is of far larger yacht. She combines large deck spaces, including an enormous sundeck, while her interior design by the renowned Giorgio Vafiadis is tasteful and elegant. Her smart layout includes 7 guest cabins, separate crew access, comfortable sky lounge, formal dining room and main salon.

Since taking delivery the owners have continually and drastically improved her from a technical, cosmetic and functional perspective, making VICTORY truly better than new.
