

FOR CHARTER / OVERNIGHT

BAVARIA 33

MONOHULL

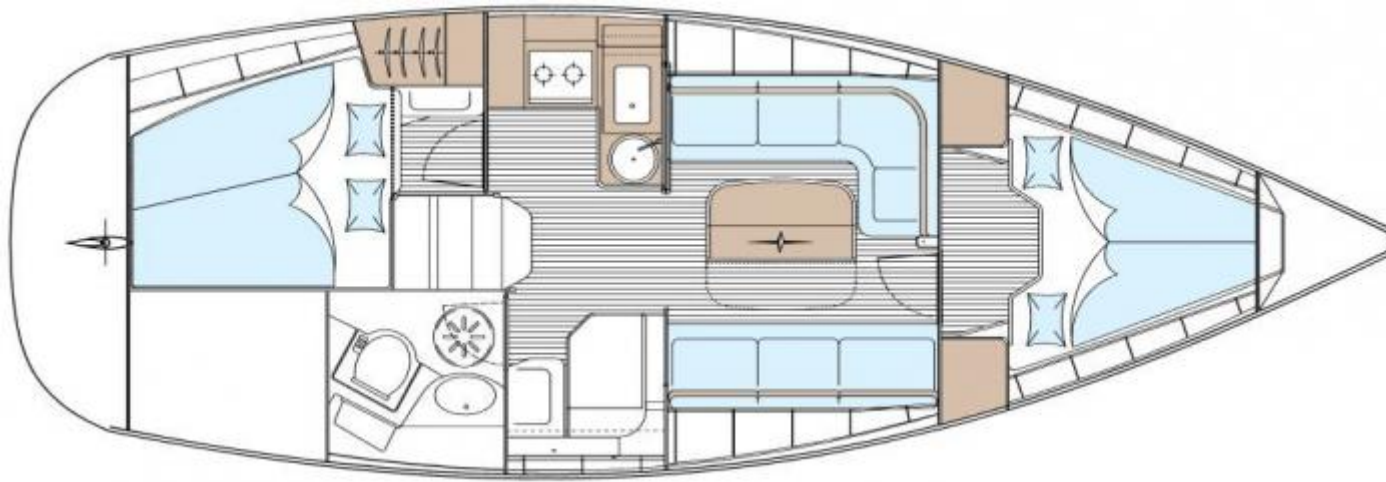

This Cruiser 33 launched in 2013, enjoys many of the innovative features of the new Bavaria range including a bathing platform which spans nearly the width of the stern. The decks are uncluttered with only the halyards and reefing lines led aft. The fully battened mainsail can be reefed single handed, without leaving the cockpit, thanks to the excellent single line slab reefing system.

Down the companionway, you will find galley, saloon settee, two comfortable double cabins, one shower/toilet and many stowage facilities. Three hatches and five opening portlights provide an abundance of natural light and ventilation.

This yacht is perfectly equipped with fully battened mainsail for great performance, furling genoa, optional gennaker, autopilot, GPS/chart plotter at the helm, wind instruments, 230V inverter, bimini & removable sun awning from bimini to the mast, dinghy davits, solar panels to run the fridge all day while sailing, RIB dinghy and more.
