Bugis pinisi were recently discovered as a unique type of live-aboard that could be used for divers and travelers to go to remote locations in the Indonesian islands. nature.

Re-fitted in 2014, KLM Baidee has been commercially operated very successfully in Ko Samui especially in the day tour market, with a capacity of 50 pax, but is capable of overnight charters or live aboard too, for 8 guests in 4 double cabins.

The KLM Baidee has its name from the Thai words “Baai Dee”, which quite literally means “good sails” or “smooth sailing”. It is an expression used by local mariners to wish each other a safe journey at sea.
